FORMER CROWN PRINCE IS BACK IN GERMANY

ANNOUNCEMENT MADE IN A DUTCH NEWS AGENCY

Crossed the German Frontier at Noon Tuesday and His Long Exile in Holland, Where He Flew Five Years Ago, Is Ended

Vazdiaz News Agency States It Has Learned That the German and Dutch Governments Last Week Consented to the Return of Friedrich Wilhelm

(By United Press)
Amsterdam, Nov. 10.—Friedrich Wilhelm, former crown prince, has returned to Germany, according to an announcement today by the Vazdiaz News agency.

He crossed the German frontier at noon Tuesday and his long exile in Holland, to which country he fled at the conclusion of the world war five years ago, is ended.

The Vazdiaz News agency stated that it learned that the German and Dutch governments last week consented to the return of the former crown prince to his fatherland.

On the eve of the anniversary of the armistice which ended the war and sent members of the Hohenzollern family into exile, Friedrich Wilhelm departed from Wieringen, the lonely Dutch island which has been his home. He made the trip to the mainland by boat.

Then he proceeded in an automobile driven by a chauffeur. Behind followed another car with luggage and extra gasoline. It is understood that Burgomaster Kolf of Wieringen rode in this car, accompanying the crown prince as far as the frontier.

The news agency also made public a message from The Hague which stated it had been officially announced the crown prince desired to depart after obtaining consent of the German government. He possesses a German passport.

GERMANY NOTIFIES ALLIES ABOUT PRINCE

Berlin, Nov. 10.—Germany sees no reason why the former crown prince should be prevented from returning to this country, and has so notified the allies, it was learned today.

Replying to an entente inquiry as to the crown prince returning, the government replied there was no legal obstacle to Frederick Wilhelm returning.

Hence the government stated, the German consul at The Hague had been instructed to grant the crown prince the necessary visa on his passport.

FRANCE OBJECTING TO FRIEDRICH'S RETURN

Paris, Nov. 10.—France emphatically objects to the return of the former crown prince to Germany, it was authoritatively declared here today.

Premier Poincare in his recent note to Germany about the crown prince demanded confirmation or denial of the numerous reports current lately that he was preparing to return.

He pointed out in strong diplomatic language the "deplorable impression" that would be created in France by his return even if it was as a private citizen.

BAVARIA NOW UNDER MARTIAL LAW

Berlin, Nov. 10.—With Bavaria under martial law, General Erich Von Ludendorff released on parole and Adolf Hitler a fugitive, the government today was "mopping up" the last vestige of the monarchist revolt which "died aborning."

A Munich dispatch said that Ludendorff, commander of the monarchist "army" was captured yesterday after the collapse of the revolt and had been released on his own recognition. Hitler, leader of the uprising, was wounded, but was not taken prisoner when troops stormed the army building where he had taken refuge.

An official statement issued that both Ludendorff and Hitler were taken prisoners, later was corrected. Under the martial law now prevailing, the disturbers of the peace are liable to be shot within three hours after their release.

Munich advices at noon said Von Knilling had returned to his desk and resumed his government duties. The other Bavarian ministers who were driven away by the rebels or taken prisoner by them have also returned to their desks.

The Berlin government today lifted the blockade which had been established against Bavaria.

Armistice Day Celebration in Brainerd

RETAIL PRICE OF GASOLINE BECOMES EFFECTIVE TODAY

ELEVEN MIDWESTERN STATES ANNOUNCE A PRICE DROP OF COMMODITY

EFFECTIVE IN ILLINOIS, MINNESOTA, MICHIGAN, NEBRASKA, IOWA, WISCONSIN

(By United Press)
Chicago, Nov. 10.—Retail gasoline prices in Illinois were reduced two cents a gallon to 15 cents by the Standard Oil company here today.

Independent dealers immediately announced a similar reduction. Each of the eleven midwestern states served by the Standard Oil Company of Indiana will have a like price reduction within a few days, the company announced.

The company announced that its price cuts would be effective in Illinois, Minnesota, Indiana, Michigan, Nebraska, Iowa, Wisconsin, Kansas, North and South Dakota and northern Oklahoma.

Local Situation
A reduction of two cents per gallon in the prices of gasoline became effective in Brainerd today, reducing the regular test gasoline to 15.8 cents per gallon, and high test gasoline to 18.8 cents per gallon.

All filling stations in the city have announced these prices, although none could give an explanation of the causes.

A similar drop in prices is announced in Duluth, Minneapolis and St. Paul prices were reduced several weeks ago, it is said.

Cut Announced

Chicago, Nov. 10.—The Standard Oil company of Indiana last night announced that it will reduce gasoline prices throughout its territory an average of 2 cents a gallon, effective this morning.

The reduction, it was explained, is an adjustment to meet the present wholesale market which has dropped during the last several weeks, the price of crude oil having declined from about \$3.50 to about \$1. The reduction is in addition to a reduction of 6.6 cents made about two months ago by the Standard Oil company of Indiana after Governor McMaster of South Dakota had started to sell gasoline at reduced prices.

LA FOLLETTE HAS QUIT TALKING

SPHINX-LIKE ATTITUDE IS ALARMING WASHINGTON

LAWRENCE MARTIN (Copyright 1923 by United Press)
Washington, Nov. 10.—LaFollette has become a sphinx.

The man who more than any other has it in his power to direct the course of legislation in congress this winter and thus perhaps vitally affect the outcome of the next presidential election is hiding his plans under a smiling mask of reticence that baffled the most adept inquirer.

Even LaFollette's close intimates among the "LaFollette group" of senators and house members do not know his plans for making effective this winter the control of congress which the 1922 congressional elections gave him.

The hard fighting, fire-eating Wisconsin senator is taking no chances on having an enemy strategist fight him by giving to the forces he will have to contend with a chance to study his program and map out a counterattack. Since he returned from Europe, LaFollette has been besieged to outline to the committee how he will go about swinging the balance of power which his group holds so that the most effective results will be attained for the aims which LaFollette seeks to serve.

W. E. D. STOKES FAILS TO WIN DIVORCE IN SECOND COURT SUIT

New York, Nov. 10.—W. E. D. Stokes, wealthy New York hotel man, has for the second time failed in his efforts to divorce Mrs. Helen Elwood Stokes, formerly of Denver, Col. The jury was out an hour and eight minutes. Mr. Stokes took the jury's decision complacently. An action for separation on her behalf is on the calendar for next Monday.

MRS. STOKES BEGINS HER COUNTERSUIT

New York, Nov. 10.—The divorce suit of W. E. D. Stokes against his wife, Helen Elwood Stokes, having been decided in favor of Mrs. Stokes, the latter will immediately begin action in a countersuit for separation.

The action is on the calendar for next Monday and will determine the financial status between her and Mr. Stokes. Since Justice Finch rendered a verdict in her behalf at the first trial two years ago but which was never made final on account of a technical error, Mrs. Stokes has been receiving \$18,000 a year from her husband. The litigation, it is estimated, has cost thus far more than \$1,000,000.

The verdict in favor of Mrs. Stokes was rendered by a jury in Justice Mahoney's court late yesterday afternoon. The finding of the jury related to only one charge which named Edgar Wallace as correspondent. The others were eliminated on an agreement before the trial, and on others the jury was instructed to vote no. The jury was out only one hour and eight minutes.

FORMER WIFE CHARGES MURDER

CLAIMS HERMAN SPRANGER IMPLICATED IN KILLING OF A BARTENDER

Fergus Falls, Nov. 10.—The former wife of Herman Spranger, Park Falls, Wis., today had implicated him in the murder of a bartender there in 1910.

The woman, who divorced Spranger for cruelty seven years ago gave Deputy Sheriff Johnson of Park Falls her statement yesterday. She has remarried and is now Mrs. Helen Winter. She lives on a farm ten miles from here.

Mrs. Winter's statement said that at the time of the supposed murder Spranger came home from a roadhouse with his clothing covered with blood and said he had "finished a bartender" whose name she understood was Francis. Her then husband, she said, refused to give any details and told her he would kill her and their five children if she ever mentioned it.

Cox Sees Fire Danger In Drainage Projects

St. Paul, Nov. 10.—Drainage of more than 1,000,000 acres of land in northern Minnesota, now under way in 51 counties, will give rise to a forest fire hazard which may go beyond human control, W. T. Cox, state forester, declared today.

"Drainage is being overdone," he said. "Most farmers are beginning to realize that it is not only a waste of money but a fire danger to take water off land which will not be cultivated for a number of years."

The drainage program for Minnesota as announced from Washington contemplates an expenditure of \$10,552,644 for county ditches. Actual ditching construction already begun involves 723,685 acres.

Right
On the movie screen appeared a chimpanzee.

"Ooh, look at the bamboo!" said one woman.

"That ain't no bamboo," said her companion. "That's a boomerang." Chicago Elks News.

PROGRAM AT NEW PARK THEATRE AT 12:10 P. M. SUNDAY

GIVEN IN CHARGE OF THE AMERICAN LEGION POST OF BRAINERD

ROTARIANS HAD ARMISTICE DAY OBSERVANCE AT LUNCHEON FRIDAY

Armistice Day will be observed on Sunday, with an appropriate program at the New Park theatre, in charge of the local American Legion. This program commences promptly at 12:10 Sunday noon, and all citizens are invited and urged to be present.

Legionaire and all other ex-service men are asked to meet at Elks hall fifteen minutes before the above hour and march in a body to the theatre.

Not a Sad Memorial
Armistice Day is held by the ex-service men as a time for rejoicing and not as a sad memorial, the impression that many have of the anniversary. It commemorates the events that lead up to the termination of the World War, and for the men in service at that time, it was indeed a day of gladness, since it meant mustering out and home.

Sunday's Program
The program for Sunday's observance has been planned along this line and will not be in any way a memorial service. The following order will be followed:

Invocation—Chaplain Fred Errington.

America—by the audience, led by the Legion Quartet.

American Legion Ritualistic service prepared especially for the occasion.

Solo—Dr. G. I. Badeaux.

Address—Rev. Fred Errington.

Solo—Al Mraz.

Star Spangled Banner—led by the quartet.

Benediction—Rev. Father Walter Remis.

Banks Close Monday

There will be no observance of Armistice Day other than the Sunday program at the New Park Theatre. Business houses will be open on Monday, the banks alone closing. It is possible that next year, with Armistice Day on a week day, other plans will be made.

The American Legion will hold its annual Armistice Day dance on Monday evening at Elks hall, and the committee in charge is making elaborate plans for this event. The hall will be especially decorated for the occasion and there will be favors for the ladies. The Johnson-Reiff orchestra has been engaged to furnish the music. The public is cordially invited to attend this social function.

ROTARIANS AT FRIDAY LUNCHEON

Armistice Day topics furnished the program at the Friday noon luncheon of the Rotary club. President Dr. R. A. Beise presided. Rotarian Rev. Johnson of the Staples Rotary club was unable to be present and in his stead, Rev. W. M. Walton, new minister of the St. Paul Episcopal church spoke on "Armistice Day." He pleaded for a spirit of brotherhood to share the burdens of the world and by the practice of the Golden Rule to bring peace, good will and prosperity back to all the world.

Art Lyndon, commander of the local American Legion Post, spoke on "The American Legion as a National Organization" and touched upon its aims, aspirations and accomplishments. Its first duty had been the care of the disabled ex-service men.

A. A. Gierlet, a captain in world war service, spoke on "The American Legion as a Local Organization." He told in detail of what the local post had done in way of of constructive citizenship and carrying out the gen-

BEAVERS AT WORK ON THE TWO GULL LAKES THOROFARE

The question of lake levels has been seriously discussed of late, and because prompt action is necessary if still lower levels are to be averted, a colony of beaver, sensing the danger, has come to the rescue, according to Deputy Game Warden A. P. Cardle, and has settled on the thoroughfare between upper and lower Gull lakes.

There have been numerous rumors that a band of these little workers, the only one known in this territory, had migrated to Crow Wing county, but it was only Friday that Mr. Cardle finally located their home.

He stated that the beaver have built a large hut, about 25 feet square, a half mile north of Ozonite Camp. Some 25 trees have been felled by the animals already, which Mr. Cardle declares are to furnish them with their winter food. He brought a part of one of these trees to the Dispatch office, where it is on display, and is proving quite a curiosity.

It is expected that in another season, the beavers will begin operations on a dam, if they find the location of their liking and are not molested. Mr. Cardle is anxious that everyone know of the whereabouts so that all citizens will assist in protecting the animals, which are becoming extinct in this section of the state.

Motorist "Gets Even" With Policeman After Fine; She Marries Him

New York, Nov. 10.—A traffic "cop" and a motorist whom he caught speeding, were aboard a boat today, Bermuda bound, on their honeymoon.

Walter Meyer almost burned a tire off his motorcycle six months ago when he pursued a roadster in Brooklyn. He caught it and handed Miss Margaret Sterber, aged 22, a summons.

"I'll get even with you," she told Meyer after the court fined her \$25. They were married yesterday.

eral call of the national organization. Rev. Fred Errington spoke on the "American Legion and Rotary" and how they can co-operate.

The luncheon served, as was the one of the Lions club Wednesday evening, was a complimentary one on the part of Butler Brothers of the Ransford Hotel. Ernest Butler is a member of the Rotary and Harry Butler of the Lions. The Rotary club gave them a vote of thanks.

FRANCE CELEBRATES THE ANNIVERSARY

Paris, Nov. 10.—For the fifth time since the eventful day when the order to "cease firing" was echoed along the front from the Vosges to the sea announcing to the world that the last shot had been fired in the great war, France today celebrated the anniversary of the coming of peace and the shattering of the military power of Germany.

But it was not altogether a celebration of triumph. The people of this country are asking, especially on Armistice Day, when their real victory will come—the day when Germany, conscious of her defeat will set about paying the cost of repair.

In Paris the celebration had something of the characteristics of an allied celebration.

Members of the American Legion, the British Legion and representatives of the foreign volunteers in the French army joined with the French delegation in recalling the days of strife and the joy of November 11, 1918.

President Millerand accompanied by the premier and cabinet ministers, the marshals of France headed by Foch and high officers of the army and navy arrived at the Arc De Triomphe precisely at 11 o'clock this morning and put a wreath on the tomb of the unknown soldier which symbolizes France's sacrifice of a million and a half men.

FRANCE'S IDEA OF REPARATIONS HAS LOT RESERVATIONS

FRANCE FEELS KEENLY AMERICA'S REFUSAL TO PARTICIPATE IN SAME

HOPE PERSISTS THAT AN ALLIED CONFERENCE MAY YET BE POSSIBLE

(By United Press)
Paris, Nov. 10.—Although France feels the keenest disappointment at America's refusal to participate in a reparations conference under the reservations put forth by this government, there is little chance of Premier Poincare changing his attitude to make it easier for the United States to come in.

Nevertheless, hope persists that an allied conference may yet be possible.

It was realized that Poincare's insistence on keeping the conference within the letter of the Versailles treaty which the United States has not ratified, made co-operation impossible.

The slightest information of a revision of the Versailles treaty would be a death blow to the French government in the coming elections. Everybody in France is asking not how, but when is Germany going to pay. Therefore an indefinite postponement of payments such as would have been possible under the reparations conference plan, would be liable to provoke an outburst in this country.

In view of Premier Baldwin's speech last night, it is expected that Great Britain will make fresh proposals of a conference more in accordance with Poincare's idea of a limited inquiry.

France's hopes of eventually bringing in the United States are based on President Coolidge's apparent desire to switch the policy of isolation.

CONSENTS TO HEARING EXPERTS

Paris, Nov. 10.—As a result of the refusal of the United States to participate in the proposed reparations conference, Premier Poincare will consent to the reparations commission hearing German experts, it was reported today.

The hearings may commence as soon as Hugo E. Stinnes signs the industrial compacts for resumption of work in the Ruhr, it was learned.

TABLET DEDICATED TO FOUNDER OF ROTARY

Racine, Wis., Nov. 10.—Rotary International paid a tribute to Paul P. Harris of Chicago, founder of Rotary, yesterday, when a bronze tablet, set in a stone background, was dedicated to him. The ceremony was arranged by the Rotary club of Racine.

International officers of the organization were present at the dedicatory exercises, as were delegations from Chicago and a number of Wisconsin cities.

Judge E. B. Beldon of the Racine county circuit court presented the memorial. A letter from Mr. Harris, in whose honor the tablet was dedicated, was read, expressing deep interest in Racine, his native city, and regretting his inability to be present.

YES, THEY DIDN'T NAME THE BABY HENRY FORD BURKE

(By United Press)

Williston, N. D., Nov. 10.—Mr. and Mrs. C. E. Burke lost a race with the stork and a ten pound baby boy was born in their car.

In honor of the maker of the car, the boy was christened Maxwell Christier Burke.

FORMER CROWN PRINCE IS BACK IN GERMANY

ANNOUNCEMENT MADE IN A DUTCH NEWS AGENCY

Crossed the German Frontier at Noon Tuesday and His Long Exile in Holland, Where He Flew Five Years Ago, Is Ended

Vazdiaz News Agency States It Has Learned That the German and Dutch Governments Last Week Consented to the Return of Friedrich Wilhelm

(By United Press)

Amsterdam, Nov. 10.—Friedrich Wilhelm, former crown prince, has returned to Germany, according to an announcement today by the Vazdiaz News agency.

He crossed the German frontier at noon Tuesday and his long exile in Holland, to which country he fled at the conclusion of the world war five years ago, is ended.

The Vazdiaz agency stated that it learned that the German and Dutch governments last week consented to the return of the former crown prince to his fatherland.

On the eve of the anniversary of the armistice which ended the war and sent members of the Hohenzollern family into exile, Friedrich Wilhelm departed from Wieringen, the lonely Dutch island which has been his home. He made the trip to the mainland by boat.

Then he proceeded in an automobile driven by a chauffeur. Behind followed another car with luggage and extra gasoline. It is understood that Burgomaster Kolf of Wieringen rode in this car, accompanying the crown prince as far as the frontier.

The news agency also made public a message from The Hague which stated it had been officially announced the crown prince desired to depart after obtaining consent of the German government. He possesses a German passport.

GERMANY NOTIFIES ALLIES ABOUT PRINCE

Berlin, Nov. 10.—Germany sees no reason why the former crown prince should be prevented from returning to this country, and has so notified the allies, it was learned today.

Replying to an entente inquiry as to the crown prince returning, the government replied there was no legal obstacle to Frederick Wilhelm returning.

Hence the government stated, the German consul at The Hague had been instructed to grant the crown prince the necessary visa on his passport.

FRANCE OBJECTING TO FRIEDRICH'S RETURN

Paris, Nov. 10.—France emphatically objects to the return of the former crown prince to Germany, it was authoritatively declared here today.

Premier Poincare in his recent note to Germany about the crown prince demanded confirmation or denial of the numerous reports current lately that he was preparing to return.

He pointed out in strong diplomatic language the "deplorable impression" that would be created in France by his return even if it was as a private citizen.

BAVARIA NOW UNDER MARTIAL LAW

Berlin, Nov. 10.—With Bavaria under martial law, General Erich Von Ludendorff released on parole and Adolf Hitler a fugitive, the government today was "mopping up" the last vestige of the monarchist revolt which "died aborning."

A Munich dispatch said that Ludendorff, commander of the monarchist "army" was captured yesterday after the collapse of the revolt and had been released on his own recognition. Hitler, leader of the uprising, was wounded, but was not taken prisoner when troops stormed the army building where he had taken refuge.

An official statement issued that both Ludendorff and Hitler were taken prisoners, later was corrected. Under the martial law now prevailing, the disturbers of the peace are liable to be shot within three hours after their release.

Munich advices at noon said Von Knilling had returned to his desk and resumed his government duties. The other Bavarian ministers who were driven away by the rebels or taken prisoner by them have also returned to their desks.

The Berlin government today lifted the blockade which had been established against Bavaria.

Armistice Day Celebration in Brainerd

RETAIL PRICE OF GASOLINE BECOMES EFFECTIVE TODAY

ELEVEN MIDWESTERN STATES ANNOUNCE A PRICE DROP OF COMMODITY

EFFECTIVE IN ILLINOIS, MINNESOTA, MICHIGAN, NEBRASKA, IOWA, WISCONSIN

(By United Press)

Chicago, Nov. 10.—Retail gasoline prices in Illinois were reduced two cents a gallon to 15 cents by the Standard Oil company here today.

Independent dealers immediately announced a similar reduction. Each of the eleven midwestern states served by the Standard Oil Company of Indiana will have a like price reduction within a few days, the company announced.

The company announced that its price cuts would be effective in Illinois, Minnesota, Indiana, Michigan, Nebraska, Iowa, Wisconsin, Kansas, North and South Dakota and northern Oklahoma.

Local Situation

A reduction of two cents per gallon in the prices of gasoline became effective in Brainerd today, reducing the regular test gasoline to 15.8 cents per gallon, and high test gasoline to 18.8 cents per gallon.

All filling stations in the city have announced these prices, although none could give an explanation of the causes.

A similar drop in prices is announced in Duluth. Minneapolis and St. Paul prices were reduced several weeks ago, it is said.

Cut Announced

Chicago, Nov. 10.—The Standard Oil company of Indiana last night announced that it will reduce gasoline prices throughout its territory an average of 2 cents a gallon, effective this morning.

The reduction, it was explained, is an adjustment to meet the present wholesale market which has dropped during the last several weeks, the price of crude oil having declined from about \$3.50 to about \$1. The reduction is in addition to a reduction of 6.6 cents made about two months ago by the Standard Oil company of Indiana after Governor McMaster of South Dakota had started to sell gasoline at reduced prices.

LA FOLLETTE HAS QUIT TALKING

SPHINX-LIKE ATTITUDE IS ALARMING WASHINGTON

LAWRENCE MARTIN

(Copyright 1923 by United Press) Washington, Nov. 10.—LaFollette has become a sphinx.

The man who more than any other has it in his power to direct the course of legislation in congress this winter and thus perhaps vitally affect the outcome of the next presidential election is hiding his plans under a smiling mask of reticence that baffled the most adept inquirer.

Even LaFollette's close intimates among the "LaFollette group" of senators and house members do not know his plans for making effective this winter the control of congress which the 1922 congressional elections gave him.

The hard fighting, fire-eating Wisconsin senator is taking no chances on having an enemy strategist fight him by giving to the forces he will have to contend with a chance to study his program and map out a counterattack. Since he returned from Europe, LaFollette has been besieged to outline to the committee how he will go about swinging the balance of power which his group holds so that the most effective results will be attained for the aims which LaFollette seeks to serve.

W. E. D. STOKES FAILS TO WIN DIVORCE IN SECOND COURT SUIT

New York, Nov. 10.—W. E. D. Stokes, wealthy New York hotel man, has for the second time failed in his efforts to divorce Mrs. Helen Elwood Stokes, formerly of Denver, Col. The jury was out an hour and eight minutes. Mr. Stokes took the jury's decision complacently. An action for separation on her behalf is on the calendar for next Monday.

MRS. STOKES BEGINS HER COUNTERSUIT

New York, Nov. 10.—The divorce suit of W. E. D. Stokes against his wife, Helen Elwood Stokes, having been decided in favor of Mrs. Stokes, the latter will immediately begin action in a countersuit for separation.

The action is on the calendar for next Monday and will determine the financial status between her and Mr. Stokes. Since Justice Finch rendered a verdict in her behalf at the first trial two years ago but which was never made final on account of a technical error, Mrs. Stokes has been receiving \$18,000 a year from her husband. eral call of the national organization. Rev. Fred Errington spoke on the "American Legion and Rotary" and how they can co-operate.

The luncheon served, as was the one of the Lions club Wednesday evening, was a complimentary one on the part of Butler Brothers of the Ransford Hotel. Ernest Butler is a member of the Rotary and Harry Butler of the Lions. The Rotary club gave them a vote of thanks.

FRANCE CELEBRATES THE ANNIVERSARY

Paris, Nov. 10.—For the fifth time since the eventful day when the order to "cease firing" was echoed along the front from the Vosges to the sea announcing to the world that the last shot had been fired in the great war, France today celebrated the anniversary of the coming of peace and the shattering of the military power of Germany.

But it was not altogether a celebration of triumph. The people of this country are asking, especially on Armistice Day, when their real victory will come—the day when Germany, conscious of her defeat will set about paying the cost of repair.

In Paris the celebration had something of the characteristics of an allied celebration.

Members of the American Legion, the British Legion and representatives of the foreign volunteers in the French army joined with the French delegation in recalling the days of strife and the joy of November 11, 1918.

President Millerand accompanied by the premier and cabinet ministers, the marshals of France headed by Foch and high officers of the army and navy arrived at the Arc De Triomphe precisely at 11 o'clock this morning and put a wreath on the tomb of the unknown soldier which symbolizes France's sacrifice of a million and a half men.

FRANCE'S IDEA OF REPARATIONS HAS LOT RESERVATIONS

FRANCE FEELS KEENLY AMERICA'S REFUSAL TO PARTICIPATE IN SAME

HOPE PERSISTS THAT AN ALLIED CONFERENCE MAY YET BE POSSIBLE

(By United Press)

Paris, Nov. 10.—Although France feels the keenest disappointment at America's refusal to participate in a reparations conference under the reservations put forth by this government, there is little chance of Premier Poincare changing his attitude to make it easier for the United States to come in.

Nevertheless, hope persists that an allied conference may yet be possible. It was realized that Poincare's insistence on keeping the conference within the letter of the Versailles treaty which the United States has not ratified, made co-operation impossible.

The slightest information of a revision of the Versailles treaty would be a death blow to the French government in the coming elections. Everybody in France is asking not how, but when is Germany going to pay. Therefore an indefinite postponement of payments such as would have been possible under the reparations conference plan, would be liable to provoke an outburst in this country.

In view of Premier Baldwin's speech last night, it is expected that Great Britain will make fresh proposals of a conference more in accordance with Poincare's idea of a limited inquiry.

France's hopes of eventually bringing in the United States are based on President Coolidge's apparent desire to switch the policy of isolation.

CONSENTS TO HEARING EXPERTS

Paris, Nov. 10.—As a result of the refusal of the United States to participate in the proposed reparations conference, Premier Poincare will consent to the reparations commission hearing German experts, it was reported today.

The hearings may commence as soon as Hugo E. Stinnes signs the industrial compacts for resumption of work in the Ruhr, it was learned.

TABLET DEDICATED TO FOUNDER OF ROTARY

Racine, Wis., Nov. 10.—Rotary international paid a tribute to Paul P. Harris of Chicago, founder of Rotary, yesterday, when a bronze tablet, set in a stone background, was dedicated to him. The ceremony was arranged by the Rotary club of Racine.

International officers of the organization were present at the dedicatory exercises, as were delegations from Chicago and a number of Wisconsin cities.

Judge E. B. Beldon of the Racine county circuit court presented the memorial. A letter from Mr. Harris, in whose honor the tablet was dedicated, was read, expressing deep interest in Racine, his native city, and regretting his inability to be present.

YES, THEY DIDN'T NAME THE BABY HENRY FORD BURKE

(By United Press)

Williston, N. D., Nov. 10.—Mr. and Mrs. C. E. Burke lost a race with the stork and a ten pound baby boy was born in their car.

In honor of the maker of the car, the boy was christened Maxwell Christler Burke.

CHORAL SOCIETY

FIRST MEETING

Aim to Develop Organization Able to Sing the Best Music Written

PLAN PUBLIC APPEARANCE

Intended That Chorus Shall Produce Some Well Known Opera in Artistic Manner

The choral organization which held its first meeting last Friday, met again at 8:30 o'clock last evening in the Iron Exchange hall, for the first rehearsal.

The object sought by the chorus is the development of an organization that will be able to sing the best music written. The plan, which is still young and immature, is one which calls for a public appearance sometime during the coming winter, at which time the program will consist chiefly of very melodious as well as artistic numbers.

For the last appearance of the musical season, it is intended that the chorus shall actually produce in a highly artistic manner, some one of the well known operas. In order to accomplish so much, it is necessary to have a large and enthusiastic organization.

With all of this fine program in mind, it is urged that all lovers of good music help build up the youthful organization by either joining it themselves, if they sing, or by inviting others to do so.

WHERE TO WORSHIP

Full Gospel Assembly
R. V. Fyles will speak Sunday afternoon at 3 o'clock. The public is cordially invited to attend.

† † †

A CHAPTER IN HER LIFE

LOIS WEBER'S Tremendous Production

of the famous story of "JEWEL" by Clara Louise Burnham

The great novel which forms the basis of this picture becomes a living, breathing reality under the sure, deft direction of Lois Weber.

She has guided the seething cross currents of its surging passions and quivering desires to their triumphant denouement making it a bit of life itself.

It is a picture that bares human souls to teach a great lesson, and it does just that in an engrossing and beautiful way. It runs the whole gamut of human emotions—it will give you more than a passing thrill or laugh. Grippingly real, intensely satisfying—and totally different from anything this theatre has shown in a long time.

CHORAL SOCIETY FIRST MEETING

Aim to Develop Organization Able to
Sing the Best Music
Written

PLAN PUBLIC APPEARANCE

Intended That Chorus Shall Produce
Some Well Known Opera in
Artistic Manner

The choral organization which held its first meeting last Friday, met again at 8:30 o'clock last evening in the Iron Exchange hall, for the first rehearsal.

The object sought by the chorus is the development of an organization that will be able to sing the best music written. The plan, which is still young and immature, is one which calls for a public appearance sometime during the coming winter, at which time the program will consist chiefly of very melodious as well as artistic numbers.

For the last appearance of the musical season, it is intended that the chorus shall actually produce in a highly artistic manner, some one of the well known operas. In order to accomplish so much, it is necessary to have a large and enthusiastic organization.

With all of this fine program in mind, it is urged that all lovers of good music help build up the youthful organization by either joining it themselves, if they sing, or by inviting others to do so.

WHERE TO WORSHIP

Full Gospel Assembly

R. V. Fyles will speak Sunday afternoon at 3 o'clock. The public is cordially invited to attend.

↑ ↑ ↑

A CHAPTER IN HER LIFE

LOIS WEBER'S Tremendous Production

of the famous story of "JEWEL" by Clara Louise Burnham

The great novel which forms the basis of this picture becomes a living, breathing reality under the sure, deft direction of Lois Weber.

She has guided the seething cross currents of its surging passions and quivering desires to their triumphant denouement making it a bit of life itself.

It is a picture that bares human souls to teach a great lesson, and it does just that in an engrossing and beautiful way. It runs the whole gamut of human emotions—it will give you more than a passing thrill or laugh. Grippingly real, intensely satisfying—and totally different from anything this theatre has shown in a long time.

SATURDAY, NOVEMBER 10, 1923

THE TARIFF WAR

It is said that the imperial economic conference which has been in session in London for several weeks has decided to build a tariff wall around Britain for the purpose of keeping out United States products. Such a wall would keep out the products of other nations as well as those of the United States but gaps would be left in the wall through which products of the colonies might pass freely.

Such a tariff wall is to be built in an age when the nations of the world, whose interests are nominally democratic, are expressing their desire to further the processes of peace. But defensive walls often encourage offensive attack. Germany's offensive army and Britain's defensive navy had a lot to do with the beginning of the World war, and just to what extent the defensive navy resulted in the building up of Germany's offensive army has never been disclosed. And yet, despite all the lessons of the past and the conviction that the World war had its origin in economic causes, the Anglo-Saxon nations are to wage a war of tariffs that carries within it the possibility of a war of gases, aircraft, disease germs and submarines.

It is passing strange that in this advanced age such things should be. If the miners in Britain strike the miners in the United States furnish coal to break the strike of their brothers in another land, and if the miners in the United States strike their comrades in Britain pursue the same policy. If one nation raises a wall to keep out the products of another country that country builds its wall a little higher, and as there is no limit to the height of the walls the building may go on until the walls are so high that the flow of trade is checked.

Protection may have advantages in some cases but when protection becomes a weapon to be used in an economic struggle there is danger in it, and there is grave danger of misunderstanding and unpleasantness arising from the introduction of such tariffs as those proposed in the United States and Britain at this time. Of course, it may be claimed that with the world organized as it is today each nation is within its rights when it protects its own interests, and as economics and industry are founded on the principle that the strongest win and the fittest survive it is to be expected that nations will build up their walls and strengthen their fortifications.

These programs are introduced at a time when in smaller and more restricted matters cooperation is the watchword. Individuals in business are coming to see that organization is essential and competition between individuals and corporations is very much reduced in these days. But this idea has not yet passed over to the relationships of nations. Neither nations nor individuals can live to themselves, for a shot fired in the Balkans is heard around the world. World trade is fought for and there is no unity of purpose between the nations which pursue their policies, build their tariff walls and arm themselves for the economic struggle without a thought as to what may come out of such policies and struggles.

We are advised of the possibility of an economic conference to adjust problems left over after a World war, whose origin is found in an economic struggle, and it is high time that the nations entered an economic conference for the purpose of preventing the growth of another economic struggle which carries with it the danger of another war. But as nations have gone in the past they will go in the future unless the common people of the nations make sufficient to do about the dangerous tendencies which mark the present time. It is for experts to determine such things, we are told, and perhaps the experts would say that such tariff wars must be just as experts have held right along that nations must march against each other on battlefields. Perhaps in both cases the experts are wrong and the plain citizen who knows little about warfare either of tariffs or battlefields is right when he concludes that both are silly and, in the end, futile. People were told that the World war would bring certain benefits but the people fail to see them; they are told that economic struggles will bring certain blessings, to awaken to the call to arms. How long must these things be?

EDUCATIONAL WEEK

ANY citizen who sees to it that something is done with a view to suitably observing Educational week in this city will be doing something worth while. Last year an attempt was made to stir up interest in education and while the meetings were not as largely attended as might have been expected the week could not have been in vain.

No democracy is safe in which education is not stressed and educational opportunities provided. Perhaps it is possible to ask the taxpayers to expend too much on the frills of education, and there are people in the smaller centers who expect to find all the advantages supplied by a city of 200,000 in a city of 10,000. Such dreams are dreams and they will not be realized until someone endows education in the smaller cities.

Those who believe that Educational week is set apart so that extreme and extravagant programs may be discussed do not appreciate the object of the week. The National Educational association and the American Legion were aroused by the statistics compiled when this country entered the World war, statistics which showed a vast and unappreciated amount of illiteracy. It is to get the facts before the public, to stir them to action favorable to a practical, educational program and to get them behind the local schools and state and national educational problems that this week is set apart.

Education in the interests of education is highly desirable. The conditions are alarming, and a republic in which each citizen has an equal right to register his convictions at the ballot box is not safe when many within the republic are without the ability to read or write.

Some who are suspicious think that the purpose of the week is to educate the people in certain fixed programs looking to the preservation of the present order as it is. No such thing is true, and any who have such desires will not secure their end through Educational week which looks to education in general. It aims at giving an education to the youth of the land and to adults where possible but it does not propose that anyone or any organization should do the thinking for the persons thus trained. They must do their own thinking and education is expected to help them to think intelligently.

CITATION FOR HEARING ON PETITION FOR PROBATE OF WILL

State of Minnesota, County of Crow Wing, ss., in Probate Court.

In the Matter of the Estate of Lillian M. Follett, Decedent.

The State of Minnesota to All Whom It May Concern:

Whereas, Ida M. Moyers, of the City of Washington, D. C., has deposited in this court a certain instrument purporting to be the last will and testament of Lillian M. Follett, late of the County of Crow Wing, State of Minnesota, together with her petition praying that said instrument be allowed and admitted to probate, and that letters of administration with the will annexed, be granted thereon to Ida M. Moyers, who in instrument and petition are on file in this court and open to inspection; It is ordered that said petition be heard on the 3rd day of December, 1923, at 10 o'clock A. M., at the Probate Court Rooms in the Court House at the City of Brainerd, in said County and State, that you be and appear before this Court at said time and place and show cause, if any there be, why said petition should not be granted; that you file your answer, if any there be, in writing, in this Court to the allowance of said will before said hearing; and that this citation be served by the publication thereof according to law in the newspaper known as The Brainerd Daily Dispatch, the Witness, the seal thereof, this 9th day of November, 1923.

(Seal) CLYDE A. ALLRIGHT, Probate Judge.

BANKRUPT'S PETITION FOR DISCHARGE AND ORDER OF NOTICE THEREON

In the District Court of the United States, for the Fifth Division, District of Minnesota.

In the Matter of Louis H. Gauthier, Bankrupt No. 2279, in Bankruptcy. To the Honorable William A. Cant, Judge of the District Court of the United States for the District of Minnesota:

Louis H. Gauthier, of Ironton, in the County of Crow Wing, and State of Minnesota, in said District, respectfully represents that on the 13th day of June, last past, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy, that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

Wherefore, he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts as are excepted by law from such discharge.

Dated this 7th day of August, A. D. 1923.

LOUIS H. GAUTHIER, Bankrupt.

Order of Notice Thereon

District of Minnesota.
On this 26th day of October, A. D. 1923, on reading the Petition for Discharge of the above-named Bankrupt, it is—

Ordered by the Court, that a hearing be had upon the same on the 15th day of December, A. D. 1923, before the said court, at Duluth, in said district, at ten o'clock in the forenoon; and that notice thereof be published in The Brainerd Daily Dispatch, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court, that the clerk shall send, by mail, to all known creditors, copies of said petition and this order, addressed to them at their places of residence as stated.

Witness the Honorable William A. Cant, Judge of the said court, and the seal thereof, at Duluth, in said district, on the 26th day of October, A. D. 1923. (Seal of the Court) JOEL M. DICKEY, Clerk.

By J. C. HERMAN ENGEL, Deputy Clerk.

SATURDAY, NOVEMBER 10, 1923

THE TARIFF WAR

It is said that the imperial economic conference which has been in session in London for several weeks has decided to build a tariff wall around Britain for the purpose of keeping out United States products. Such a wall would keep out the products of other nations as well as those of the United States but gaps would be left in the wall through which products of the colonies might pass freely.

Such a tariff wall is to be built in an age when the nations of the world, whose interests are nominally democratic, are expressing their desire to further the processes of peace. But defensive walls often encourage offensive attack. Germany's offensive army and Britain's defensive navy had a lot to do with the beginning of the World war, and just to what extent the defensive navy resulted in the building up of Germany's offensive army has never been disclosed. And yet, despite all the lessons of the past and the conviction that the World war had its origin in economic causes, the Anglo-Saxon nations are to wage a war of tariffs that carries within it the possibility of a war of gases, aircraft, disease germs and submarines.

It is passing strange that in this advanced age such things should be. If the miners in Britain strike the miners in the United States furnish coal to break the strike of their brothers in another land, and if the miners in the United States strike their comrades in Britain pursue the same policy. If one nation raises a wall to keep out the products of another country that country builds its wall a little higher, and as there is no limit to the height of the walls the building may go on until the walls are so high that the flow of trade is checked.

Protection may have advantages in some cases but when protection becomes a weapon to be used in an economic struggle there is danger in it, and there is grave danger of misunderstanding and unpleasantness arising from the introduction of such tariffs as those proposed in the United States and Britain at this time. Of course, it may be claimed that with the world organized as it is today each nation is within its rights when it protects its own interests, and as economics and industry are founded on the principle that the strongest win and the fittest survive it is to be expected that nations will build up their walls and strengthen their fortifications.

These programs are introduced at a time when in smaller and more restricted matters cooperation is the watchword. Individuals in business are coming to see that organization is essential and competition between individuals and corporations is very much reduced in these days. But this idea has not yet passed over to the relationships of nations. Neither nations nor individuals can live to themselves, for a shot fired in the Balkans is heard around the world. World trade is fought for and there is no unity of purpose between the nations which pursue their policies, build their tariff walls and arm themselves for the economic struggle without a thought as to what may come out of such policies and struggles.

We are advised of the possibility of an economic conference to adjust problems left over after a World war, whose origin is found in an economic struggle, and it is high time that the nations entered an economic conference for the purpose of preventing the growth of another economic struggle which carries with it the danger of another war. But as nations have gone in the past they will go in the future unless the common people of the nations make sufficient to do about the dangerous tendencies which mark the present time. It is for experts to determine such things, we are told, and perhaps the experts would say that such tariff wars must be just as experts have held right along that nations must march against each other on battlefields. Perhaps in both cases the experts are wrong and the plain citizen who knows little about warfare either of tariffs or battlefields is right when he concludes that both are silly and, in the end, futile. People were told that the World war would bring certain benefits but the people fail to see them; they are told that economic struggles will bring certain blessings, to awaken to the call to arms. How long must these things be?

EDUCATIONAL WEEK

ANY citizen who sees to it that something is done with a view to suitably observing Educational week in this city will be doing something worth while. Last year an attempt was made to stir up interest in education and while the meetings were not as largely attended as might have been expected the week could not have been in vain.

No democracy is safe in which education is not stressed and educational opportunities provided. Perhaps it is possible to ask the taxpayers to expend too much on the frills of education, and there are people in the smaller centers who expect to find all the advantages supplied by a city of 200,000 in a city of 10,000. Such dreams are dreams and they will not be realized until someone endows education in the smaller cities.

Those who believe that Educational week is set apart so that extreme and extravagant programs may be discussed do not appreciate the object of the week. The National Educational association and the American Legion were aroused by the statistics compiled when this country entered the World war, statistics which showed a vast and unappreciated amount of illiteracy. It is to get the facts before the public, to stir them to action favorable to a practical, educational program and to get them behind the local schools and state and national educational problems that this week is set apart.

Education in the interests of education is highly desirable. The conditions are alarming, and a republic in which each citizen has an equal right to register his convictions at the ballot box is not safe when many within the republic are without the ability to read or write.

Some who are suspicious think that the purpose of the week is to educate the people in certain fixed programs looking to the preservation of the present order as it is. No such thing is true, and any who have such desires will not secure their end through Educational week which looks to education in general. It aims at giving an education to the youth of the land and to adults where possible but it does not propose that anyone or any organization should do the thinking for the persons thus trained. They must do their own thinking and education is expected to help them to think intelligently.

DISTRICT COURT PROCEEDINGS

Grand Jury Report Commends Efficiency of Its Foreman Mrs. W. F. Dieckhaus

PRAISE FOR COUNTY ATTORNEY
\$10,000 Damage Case Arising Out of Awning Falling Went to Jury This Afternoon

In district court Saturday, the case of Alice A. Wunderlich against Mike A. Voornas was brought to a close and given to the jury at 2:30 o'clock in the afternoon.

This is a ten thousand dollar damage case, which the plaintiff alleges was the outgrowth of an awning falling on her while walking under it on last February 26th.

It was brought out that the defendant in the case operates the Iron-ton Candy Kitchen. Mrs. Wunderlich is also of Iron-ton, and it is claimed that she lost the sight of her left eye and the partial sight of her right eye when the awning fell and struck her to the sidewalk.

Expert testimony was introduced in the trial by Drs. G. I. Nordin and Nesmith Nelson. Swanson and Swanson are attorneys for Mrs. Wunderlich and Murphy and Cook of Crosby and D. B. McAlpine of Iron-ton are attorneys for the defendant.

The jury in this case include Ole Anderson, Barney Taylor, Mrs. Louis Knudsen, Edward O. Brown, W. F. Schwendemann, Archie Andrews, C. B. Sewell, William King, Jack Stephens, B. J. Smith, William Cooley and Charles Atwater.

W. W. Winter, J. B. Swisher and Mrs. Charles Stadlbauer are the bailiffs in this term of court.

Flansburg Case Settled
The case of Perry G. Flansburg against the St. Paul Fire and Marine Insurance Co., was called, settled and dismissed as per stipulation filed. M. E. and C. A. Ryan represented the plaintiff and Butler, Mitchell and Doherty the defendants.

The criminal case state of Minnesota against N. L. Miller was taken up. The defendant appeared before the court and was duly arraigned under indictment charging possession of muskrat skins unlawfully taken. D. B. McAlpine appeared as his attorney.

The criminal case of the state against Joseph Silvers was brought up, the defendant being arraigned on an indictment charging adultery. He entered a plea of not guilty, bail being set at \$500. Attorney P. E. Murphy represents Silvers.

In the case of the state against Olaf Fahlstrom, the defendant was arraigned on an indictment charging the manufacturing of intoxicating liquor. The reading of the indictment was waived and a plea of not guilty entered. Swanson and Swanson are attorneys for Mr. Fahlstrom.

In the two cases of the state against Arthur Sartwell, the defendant appeared before the court and was duly arraigned on information, entering a plea of not guilty to both charges.

Report of 1923 Grand Jury
This report was made by the grand jury at the November term of the district court.

We the Grand Jurors of Crow Wing county, for the November 1923 term of court, report herewith that we have taken action upon all criminal law cases brought before us, and have duly returned indictment where so voted.

We report that we have made a thorough inspection of the county jail and find same to be in first class sanitary condition.

The following resolutions we have unanimously adopted: We ask the citizens of this county to direct earnest attention to the deplorable conditions of loose living and vice existing among certain young men and women of our larger towns, as evidenced by testimony which has just been heard before us. We urge them to insist upon complete investigation into the prime causes which have made it possible for such violations of law and decency to occur county attorney and other officers, in a vigorous prosecution of all offenders proven to have given or sold intoxicating liquor to minors, or to have maintained any house of ill repute where minors have been admitted, or to have had carnal knowledge of minor girls. We pray that this prosecution go forward without let or favor, so that our community may be cleansed of these dangerous influences—that our sons may grow to a manhood of strength and uprightness and our daughters attain to a womanhood pure and unsoiled.

We congratulate Mr. Walter F. Wieland, our county attorney, upon

STATE PARK IN THE COUNTY

G. M. Conzet, Assistant to State Forester W. T. Cox, Speaker at Lions Club

PARKS AS TIMBER PRESERVES
Such Action Made Possible by Recent Law Passed by the State Legislature

G. M. Conzet, assistant to the state forester, W. T. Cox, was brought to Brainerd by the Lions club and spoke before that body on Wednesday evening on the subject of a state park for Crow Wing county.

The state forestry department in conjunction with the state fish and game commission, are taking up the matter of instituting these parks, which are really timber reserves, that can be used as camping sites and summer playgrounds for the locality in which they are located.

Such action is made possible by a law passed at the last meeting of the state legislature, which authorizes the state auditor to enter into negotiations on behalf of the state, with owners of tracts or parcels of land especially desirable for acquisition by the state. The auditor may enter upon such negotiations upon recommendation of the state forester and state game and fish commissioner.

Surveys of such land, and options on it may be taken by the state auditor, but the actual purchase is by legislative act. This makes it necessary for communities desiring a state park, to bring the matter forcefully before their representatives in the legislature, with the request that such a bill be drafted and presented. To make it plain to these representatives, it should be brought to their attention by all of the various civic organizations of the community, and the importance of the matter fully impressed upon them.

Mr. Conzet further stated that there are two proposed state park sites in the Brainerd district, both of which are very desirable. One is on Cullen lake, about 18 miles from the city. It contains about 239 acres with about a mile of lake shore. There is a quantity of good timber on this tract, mostly Norway and Jack pine.

This land has already been surveyed by the state department and an option secured upon it. It is easily accessible from Nisswa and it is probable that a second road will be built from Trunk Highway No. 19 next season that will also connect with it.

The second tract of land is on the west side of lower Gull lake, just east of what is known as the "Pillsbury Forest." It is owned by the Pillsbury estate, and has been offered to the state department at a very reasonable figure, said Mr. Conzet. It contains some hundred and twenty acres of land, with about three-quarters of a mile of lake front.

Practically all of the desirable lake shore property in this county is rapidly being purchased by individuals for summer homes, and there is a grave danger that in a very few years all of this land will be privately owned, and there will be no plots available for the public's use, unless timber reserves are made, such as are suggested for this locality, and the community which contains such a tract of land, will be very fortunate in a few years, said Mr. Conzet.

For this reason, the Lions club is anxious to interest all civic organizations in the city in the movement, and to use all the influence possible to bring it forcefully to the attention of the local representatives in the state legislature.

Ministerial Association
The Brainerd Ministerial association will meet Monday morning at 9:30 o'clock at the Y. M. C. A. All ministers of the city are requested to be present.

In the painstaking manner in which he has performed the duties of his office and commend him for his unflinching and efficient investigation and presentation of criminal law violation cases.

We express sincere appreciation of our foreman Mrs. W. F. Dieckhaus for the business like and expeditious manner in which she led the proceedings of this grand jury, and we commend to her fellow woman citizens of the county that they accept with an equally unselfish regard the duties of jury service and take as active an interest in the affairs of local government as their home obligations will allow.

Respectfully submitted,
MRS. W. F. DIECKHAUS,
Foreman.

SUNDAY TOURS ARE ENJOYABLE

County Highway Engineer Walter M. Murphy Gives Out Road Information

13TH ST. ROAD IN GOOD SHAPE
New Markers Placed on Streets of Brainerd Leading to Merrifield Road

With the continued pleasant weather it is anticipated that a number of Sunday tours will be planned by local motorists, and County Highway Engineer submits the following road report of all highways under his supervision to aid in planning these trips.

State Road No. 1. (13th Street to Morrison county line). This road is said to be in excellent traveling condition its entire length, with a fine driving surface. One of the best in the county.

State Road No. 2. (Dewey Highway). This road offers the tourist a new drive through the southern tier of townships connecting Trunk Highways Nos. 27 and 18, bringing the motorist out on Mile Lacs lake at Wigwam Bay. This road is narrow but has a fairly good driving surface.

State Road No. 3. (Brainerd, Merrifield, Cross Lake, Emily). All new markers have been placed along the streets leading out of Brainerd to Merrifield, which should be of great assistance to strangers. Brainerd to Merrifield, road good considering the fact that it needs surfacing badly. The county highway department has done much work in leveling it off lately. Merrifield to Cross Lake, very good. Short sand trail, fair, balance of way to Emily, good.

State Road No. 4. (Crosby, Emily to Cass County line). Crosby to Mississippi river bridge, good. Road dangerous because it is very winding. Old bridge across river still in use. Everything on new bridge is ready for the laying of steel, and it is expected that the structure will be completed within the month. Bridge to Emily, good. Travel new road entire distance. All detours have been abandoned. Emily to Outing and Cass County line, good.

State Road No. 5. (Deerwood, Bay Lake and South). Deerwood to Bay Lake, newly graveled, surface has been improved the past week. Bay lake south to Brainerd entrance, good. Brainerd entrance over new construction is now open for travel, making a very pretty drive around the lake, bringing the motorist to the Adams corner, four miles south of Bay lake, where a short detour is necessary to Trunk Highway No. 18 at Elmore corner.

White line roads are in general very good, and motorists are invited to inspect them. The new road connecting State Road No. 4 at the bridge north of Crosby and State Road No. 3 at the Beaver corner north of Merrifield will be completed early next week. This will make a very pretty drive past the Missoua chain of lakes and along the north bank of the Mississippi river. It is approximately twelve miles in length.

Autoists are praising very highly the white line road from Merrifield north to Pelican lake and Breezy Point, Capt. Wm. H. Fawcett drove this road on Thursday to his Breezy Point resort, and was so favorably impressed with it that he returned by the same route.

The white line from Pequot to Breezy Point is in good condition for travel, also, and a loop trip for a Sunday tour is suggested from Brainerd to Pequot, then over this new road to Breezy Point, returning by the Pelican lake and Merrifield road.

"More Saving Than a Sale"
—Says Captain Klean

If you send to us the disordered, discouraged dresses and suits that you have discarded we will pleasantly surprise you. You'll receive seemingly new clothes back for little money.

Many well dressed folks enjoy a saving prosperity because they have become acquainted with the possibilities of this cleaning shop as applied to their daily lives.

REMEMBERED THE EARLY DAYS

Joseph Thies, One of First Men to Call Brainerd His Home, Visited in City

INTERESTING REMINISCENCES
Saw "Windy Jack" and "Long Jack" Fight Duel; Spoke of Mayor Bly

Joseph Thies, who claims the distinction of being one of the first men to call Brainerd his home, was in the city Friday, enroute to Pequot, where he will visit his son, Oscar Thies, residing several miles west of that town.

Mr. Thies reverted to reminiscences of the early days of Brainerd, recalling the deep pine forests that covered the ground now occupied by the First National Bank Building, the Iron Exchange building, the city hall and court house.

Those were thrilling days, said Mr. Thies, who saw the two Indians hanged to a tree on the corner of what is now South Fourth and Front streets, and witnessed a shooting affray between "Windy Jack" a notorious gambler and "Long Jack" a familiar early day character, over a disputed card game.

Mr. Thies remembers Mayor Bly and spoke of the Bly block, which stood on the corner now occupied by the Ransford hotel, with the Swartz store next to it.

He drove team to Pokegama lake and has often camped on Buffalo creek. He helped to cut the road through from this stream to Brainerd in 1867.

Mr. Thies is now an officer in the Peoples Fuel and Ice Co., of St. Paul.

WHITTIER PARENT-TEACHERS
Association to Meet Tuesday Evening at School, State Pres. Mrs. Quamme Here Soon

The Whittier Parent teachers association will meet Tuesday evening at the school. On Thursday evening November 15th, all parent-teacher association of the city will have a joint meeting to hear State President Mrs. E. G. Quamme.

DISTRICT COURT PROCEEDINGS

Grand Jury Report Commends Efficiency of Its Foreman Mrs. W. F. Dieckhaus

PRAISE FOR COUNTY ATTORNEY
\$10,000 Damage Case Arising Out of Awning Falling Went to Jury This Afternoon

In district court Saturday, the case of Alice A. Wunderlich against Mike A. Voornas was brought to a close and given to the jury at 2:30 o'clock in the afternoon.

This is a ten thousand dollar damage case, which the plaintiff alleges was the outgrowth of an awning falling on her while walking under it on last February 26th.

It was brought out that the defendant in the case operates the Iron-ton Candy Kitchen. Mrs. Wunderlich is also of Iron-ton, and it is claimed that she lost the sight of her left eye and the partial sight of her right eye when the awning fell and struck her to the sidewalk.

Expert testimony was introduced in the trial by Drs. G. I. Nordin and Nesmith Nelson. Swanson and Swanson are attorneys for Mrs. Wunderlich and Murphy and Cook of Crosby and D. B. McAlpine of Iron-ton are attorneys for the defendant.

The jury in this case include Ole Anderson, Barney Taylor, Mr. Louis Knudsen, Edward O. Brown, W. F. Schwendemann, Archie Andrews, C. B. Sewell, William King, Jack Stephens, B. J. Smith, William Cooley and Charles Atwater.

W. W. Winter, J. B. Swisher and Mrs. Charles Stadlbauer are the bailiffs in this term of court.

Flansburg Case Settled
The case of Perry G. Flansburg against the St. Paul Fire and Marine Insurance Co., was called, settled and dismissed as per stipulation filed.

M. E. and C. A. Ryan represented the plaintiff and Butler, Mitchell and Doherty the defendants.

The criminal case state of Minnesota against N. L. Miller was taken up. The defendant appeared before the court and was duly arraigned under indictment charging possession of muskrat skins unlawfully taken. D. B. McAlpine appeared as his attorney.

The criminal case of the state against Joseph Silvers was brought up, the defendant being arraigned on an indictment charging adultery. He entered a plea of not guilty, bail being set at \$500. Attorney F. E. Murphy represents Silvers.

In the case of the state against Olaf Fahlstrom, the defendant was arraigned on an indictment charging the manufacturing of intoxicating liquor. The reading of the indictment was waived and a plea of not guilty entered. Swanson and Swanson are attorneys for Mr. Fahlstrom.

In the two cases of the state against Arthur Sartwell, the defendant appeared before the court and was duly arraigned on information, entering a plea of not guilty to both charges.

Report of 1923 Grand Jury
This report was made by the grand jury at the November term of the district court.

We the Grand Jurors of Crow Wing county, for the November 1923 term of court, report herewith that we have taken action upon all criminal law cases brought before us, and have duly returned indictment where so voted.

We report that we have made a thorough inspection of the county jail and find same to be in first class sanitary condition.

The following resolutions we have unanimously adopted: We ask the citizens of this county to direct earnest attention to the deplorable conditions of loose living and vice existing among certain young men and women of our larger towns, as evidenced by testimony which has just been heard before us. We urge them to insist upon complete investigation into the prime causes which have made it possible for such violations of law and decency to occur.

Our county attorney and other officials, in a vigorous prosecution of all offenders proven to have given or sold intoxicating liquor to minors, or to have maintained any house of ill repute where minors have been admitted, or to have had carnal knowledge of minor girls. We pray that this prosecution go forward without let or favor, so that our community may be cleansed of these dangerous influences—that our sons may grow to a manhood of strength and uprightness and our daughters attain to a womanhood pure and unsoiled.

We congratulate Mr. Walter F. Wieland, our county attorney, upon

STATE PARK IN THE COUNTY

G. M. Conzet, Assistant to State Forester W. T. Cox, Speaker at Lions Club

PARKS AS TIMBER PRESERVES
Such Action Made Possible by Recent Law Passed by the State Legislature

G. M. Conzet, assistant to the state forester, W. T. Cox, was brought to Brainerd by the Lions club and spoke before that body on Wednesday evening on the subject of a state park for Crow Wing county.

The state forestry department in conjunction with the state fish and game commission, are taking up the matter of instituting these parks, which are really timber reserves, that can be used as camping sites and summer playgrounds for the locality in which they are located.

Sch action is made possible by a law passed at the last meeting of the state legislature, which authorizes the state auditor to enter into negotiations on behalf of the state, with owners of tracts or parcels of land especially desirable for acquisition by the state. The auditor may enter upon such negotiations upon recommendation of the state forester and state game and fish commissioner.

Surveys of such land, and options on it may be taken by the state auditor, but the actual purchase is by legislative act. This makes it necessary for communities desiring a state park, to bring the matter forcefully before their representatives in the legislature, with the request that such a bill be drafted and presented. To make it plain to these representatives, it should be brought to their attention by all of the various civic organizations of the community, and the importance of the matter fully impressed upon them.

Mr. Conzet further stated that there are two proposed state park sites in the Brainerd district, both of which are very desirable. One is on Cullen lake, about 18 miles from the city. It contains about 233 acres, with about a mile of lake shore. There is a quantity of good timber on this tract, mostly Norway and jack pine.

This land has already been surveyed by the state department and an option secured upon it. It is easily accessible from Nisswa and it is probable that a second road will be built from Trunk Highway No. 13 next season that will also connect with it.

The second tract of land is on the west side of lower Gull lake, just east of what is known as the "Pillsbury Forest." It is owned by the Pillsbury estate, and has been offered to the state department at a very reasonable figure, said Mr. Conzet. It contains some hundred and twenty acres of land, with about three-quarters of a mile of lake front.

Practically all of the desirable lake shore property in this county is rapidly being purchased by individuals for summer homes, and there is a grave danger that in a very few years all of this land will be privately owned, and there will be no plots available for the public's use, unless timber reserves are made, such as are suggested for this locality, and the community which contains such a tract of land, will be very fortunate in a few years, said Mr. Conzet.

For this reason, the Lions club is anxious to interest all civic organizations in the city in the movement, and to use all the influence possible to bring it forcefully to the attention of the local representatives in the state legislature.

Ministerial Association

The Brainerd Ministerial association will meet Monday morning at 9:30 o'clock at the Y. M. C. A. All ministers of the city are requested to be present.

In the painstaking manner in which he has performed the duties of his office and commend him for his unflinching and efficient investigation and presentation of criminal law violation cases.

We express sincere appreciation of our foreman Mrs. W. F. Dieckhaus for the business like and expeditious manner in which she led the proceedings of this grand jury, and we commend to her fellow woman citizens of the county that they accept with an equally unselfish regard the duties of jury service and take as active an interest in the affairs of local government as their home obligations will allow.

Respectfully submitted,
MRS. W. F. DIECKHAUS,
Foreman.

SUNDAY TOURS ARE ENJOYABLE

County Highway Engineer Walter M. Murphy Gives Out Road Information

13TH ST. ROAD IN GOOD SHAPE
New Markers Placed on Streets of Brainerd Leading to Merrifield Road

With the continued pleasant weather it is anticipated that a number of Sunday tours will be planned by local motorists, and County Highway Engineer submits the following road report of all highways under his supervision to aid in planning these trips.

State Road No. 1. (13th Street to Morrison county line). This road is said to be in excellent traveling condition its entire length, with a fine driving surface. One of the best in the county.

State Road No. 2. (Dewey Highway). This road offers the tourist a new drive through the southern tier of townships connecting Trunk Highways Nos. 27 and 18, bringing the motorist out on Mille Lacs lake at Wigwam Bay. This road is narrow but has a fairly good driving surface.

State Road No. 3. (Brainerd, Merrifield, Cross Lake, Emily). All new markers have been placed along the streets leading out of Brainerd to Merrifield, which should be of great assistance to strangers. Brainerd to Merrifield, road good considering the fact that it needs surfacing badly. The county highway department has done much work in leveling it off lately. Merrifield to Cross Lake, very good. Short sand trail, fair, balance of way to Emily, good.

State Road No. 4. (Crosby, Emily to Cass County line). Crosby to Mississippi river bridge, good. Road dangerous because it is very winding. Old bridge across river still in use. Everything on new bridge is ready for the laying of steel, and it is expected that the structure will be completed within the month. Bridge to Emily, good. Travel new road entire distance. All detours have been abandoned. Emily to Outing and Cass County line, good.

State Road No. 5. (Deerwood, Bay Lake and South). Deerwood to Bay Lake, newly graveled, surface has been improved the past week. Bay lake south to Brainerd entrance, good. Brainerd entrance over new construction is now open for travel, making a very pretty drive around the lake, bringing the motorist to the Adams corner, four miles south of Bay Lake, where a short detour is necessary to Trunk Highway No. 18 at Elmore corner.

White line roads are in general very good, and motorists are invited to inspect them. The new road connecting State Road No. 4 at the bridge north of Crosby and State Road No. 3 at the Beaver corner north of Merrifield will be completed early next week. This will make a very pretty drive past the Mission chain of lakes and along the north bank of the Mississippi river. It is approximately twelve miles in length.

Autoists are praising very highly the white line road from Merrifield north to Pelican lake and Breezy Point. Capt. Wm. H. Fawcett drove this road on Thursday to his Breezy Point resort, and was so favorably impressed with it that he returned by the same route.

The white line from Pequot to Breezy Point is in good condition for travel, also, and a loop trip for a Sunday tour is suggested from Brainerd to Pequot, then over this new road to Breezy Point, returning by the Pelican lake and Merrifield road.

For this reason, the Lions club is anxious to interest all civic organizations in the city in the movement, and to use all the influence possible to bring it forcefully to the attention of the local representatives in the state legislature.

The Brainerd Ministerial association will meet Monday morning at 9:30 o'clock at the Y. M. C. A. All ministers of the city are requested to be present.

In the painstaking manner in which he has performed the duties of his office and commend him for his unflinching and efficient investigation and presentation of criminal law violation cases.

We express sincere appreciation of our foreman Mrs. W. F. Dieckhaus for the business like and expeditious manner in which she led the proceedings of this grand jury, and we commend to her fellow woman citizens of the county that they accept with an equally unselfish regard the duties of jury service and take as active an interest in the affairs of local government as their home obligations will allow.

BANE AUTO CO.

NEW YORK BALL PARKS FOR BOUTS

By HENRY L. FARRELL
United Press Sports Editor

New York, Nov. 10.—Boxing in major league baseball parks has not been sensationally successful as a financial venture. Suggestions that baseball parks be used only for baseball in the future was not based entirely upon the ethical grounds that the boxing was not a worthy public pal of the "grand national pastime."

Ban Johnson's announcements that the American League would not allow the use of its parks next summer for boxing was slightly immature, according to recent reports.

Johnson's order will have to be affirmed by the owners of the eight clubs in the league and although Col. Jacob Ruppert said at the time of the announcement that he was in favor of it, there are reasons to believe that the Yanks may demand a few reservations.

When the Yankee owners were discussing the use of their new stadium for boxing it was understood that Col. Ruppert did not favor the use of the grounds for weekly shows, but that he felt it would not be harmful to stage one or more big bouts and he may still be of the same opinion.

While the Yankees must have made a little money from boxing last season, the Giants found their extension into other fields highly unprofitable.

The Giants got a big take out of the Dempsey-Firpo fight, but it was not enough to overcome the losses sustained on three other championship bouts that were previously staged at the Polo Grounds.

Until the Giants are able to get back what they lost it is improbable that the club will allow the National League to put the ban on boxing without a fight.

There is no doubt that baseball parks are not proper places to handle fight crowds in, and it is just as much a fact that the playing fields are always badly damaged by fight crowds.

It is silly, however, to get lofty about it and assume that boxing, as boxing itself, would be a blemish on baseball just because the baseball parks were used for fights.

The principal objection some of the club owners have to boxing in ball parks is that the clubs outside of New York and Philadelphia do not have the same opportunity to cash in on it and they feel that everything should be done to discourage the publicity that boxing gets which baseball men figure they have the sole right to—without cost.

M. E.s DEFEAT PEQUOT HIGH SCHOOL 24 TO 19

The Brainerd M. E. basketball boys defeated the Pequot high school team last night on the latter's floor by a score of 24 to 19. This was the first game of the season and was well attended by hearty rooters.

The lineup was as follows:

Pequot	Brainerd	
M. Simms	f	Hess
M. Magnuson	f	Ericson
T. Kruger	c	E. Fitzsimmons
R. Dally	g	R. Fitzsimmons
A. Thurlow	g	H. Cunningham

Subs—Pequot: T. Rentar, R. Moe, H. Hyder; Brainerd: Welsh.

M. Magnuson starred for the Pequot boys, making 3 field goals and shooting 2 foul goals.

With the close of the first quarter R. Fitzsimmons went center and E. Fitzsimmons fell back to guard.

At the close of the first half the score was 10 and 9 in Pequot's favor. Coach Welsh changed his men around for the last half, playing, Ericson and Welsh, forwards; Hess, center; R. Fitzsimmons and E. Fitzsimmons, guards.

The game was very close from beginning to end. Just before the whistle blew, Ericson netted a field goal, bringing the game to a tie score of 16 and 16. This necessitated the playing of an extra five minute period. The Pequot boys made another basket within two minutes time but Ericson dropped the sphere through the basket 30 seconds before the whistle blew, tying the score for the second time. Another five minute period was played in which Welsh brought his old style of basket tossing into play and dropped in 3 baskets, while the Pequot boys were held to one foul goal.

L. Ericson starred for the Brainerd M. E.s, making 4 field goals, and 2 free throws.

The team was greatly handicapped on account of the absence of Mendenhall, the regular left guard, who through some error was not present.

After the game the Pequot boys gave a supper for the Brainerd team.

A return game will be played about the first or second week in December.

Famed Police Dog in "Where the North Begins"

One of the finest pictures that ever came to town opened this afternoon at the New Park and will be shown tonight and Sunday. This is "Where the North Begins," a story of the north woods, featuring the marvelously trained dog, Rin-Tin-Tin, who is so clever that one feels a man's brain must be lodged in his skull.

The setting in the far north is a fitting background for the tense drama unfolded before the handful of mortals living and struggling in one of the outposts and fringes of civilization, a remote Hudson Bay trading post.

BRAINERD HIGH TO PARK RAPIDS

FOOTBALL GAME IS SET FOR MONDAY; LOCALS HAD HARD PRACTICE

(By L. P.)

Brainerd high travels to Park Rapids Monday, where they will take on the local high school.

The Park Rapids boys are confident that they can win from the Blue and White. Brainerd has been practicing hard every night this week and are in grand shape for Monday's game.

Brainerd, though defeated by Staples, does not say that the boys cannot play football. Every man on the team is out to win.

This will be the last time the fans of Brainerd will see or hear of the men who graduate from the local squad. There will be only four men left for next year's eleven to build up a team from.

Audience Praises Tom Mix Picture

The assemblage of film fans that crowded the Lyceum Theatre last night for the opening of the William Fox screen version of Zane Grey's "The Lone Star Ranger" repeatedly gave evidence of its pleasure at the thrilling antics of Tom Mix, the popular hero, who is cast in the title role.

In all, the feature provides the best entertainment that has been seen in this city in many months. It will be shown for the last time tonight.

U. S. Sauerkraut Sales Double in 10 Years, Cannery Group Told

Chicago, Nov. 10.—Sauerkraut, that good old standby of pig knuckles and corned beef, is no longer the exclusive dish of the hot polka and the two fisted outdoor toiler.

Sales of the savory food have increased 100 per cent in the last 10 years. Investigators at markets here find it is going to the tables of the millionaires as well as to the humble kitchens of the "white collar brigade" and the sewer diggers.

James A. Andrews of Provo, Utah, president of the board of directors of the National Cannery association, in session here, told of the greatly increased sales of sauerkraut.

The Burrowing Owl.

The burrowing owl is a small owl which burrows in the ground in many parts of North and South America. It is about ten inches long, grayish brown, profusely spotted with white, with the head smooth, without plumbeous. This is the owl, well known on the western prairies in connection with the prairie dogs, in the deserted burrows of which it makes its nest. These owls are diurnal, and feed upon insects and small mammals and reptiles.

LECTURES APPRECIATED

Large Attendance Registered at Gardner Hall During First Week of Series

(Contributed)
The free illustrated lecture course drew large attendance during the first week of the series. The

lectures are much appreciated and the interest is on the increase.

"Millions now living struck dead, and the Devil's vacation" will be the topic for Sunday night. In connection with this lecture will be a special missionary song illustrated by forty beautiful colored slides. This will be the beginning of the second week of the big evangelistic meeting conducted by Evangelist M. E. Anderson and N. J. Aalborg. Sermon topics are as follows:

Monday night, "The Carnival of Crime. Capital and Labor."

Tuesday night, "The Response of history to the Voice of God," illustrated by pictures.

Wednesday night, "Jesus of Nazareth the True Messiah," convincing antidote for honest dough.

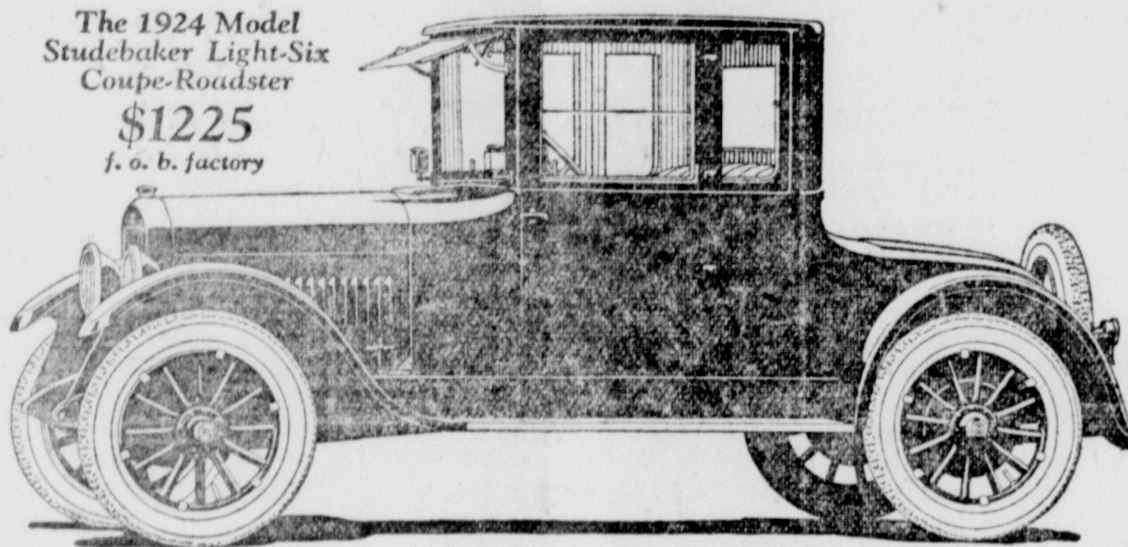

Thursday night, "Heaven's Palace. Pictured."

Friday night, "Where God and Man Meet," the atoning blood of Christ.

Saturday night, a musical treat. The Prince of Heaven in picture and song.

A spirited song service at 7:30 each evening.

The 1924 Model
Studebaker Light-Six
Coupe-Roadster
\$1225
f. o. b. factory

The 1924 Model Studebaker Light-Six closed cars are quality cars.

They are built to endure—to give lasting satisfaction.

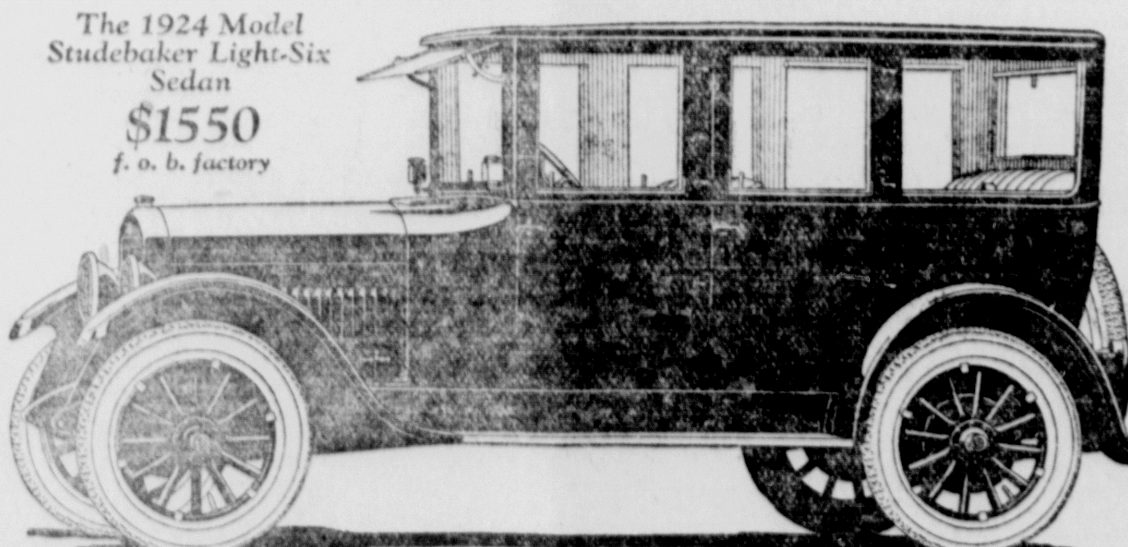

Both body and chassis are produced in Studebaker plants where painstaking craftsmanship has always been the rule—and the practice.

By manufacturing complete motors, transmissions, axles, frames, bodies, tops, castings, forgings, and stampings, parts-makers' profits are eliminated from costs, and one profit only is included in Studebaker prices.

Phone or call for demonstration.

NEW YORK BALL PARKS FOR BOUTS

By HENRY L. FARRELL
United Press Sports Editor

New York, Nov. 10.—Boxing in major league baseball parks has not been sensationally successful as a financial venture. Suggestions that baseball parks be used only for baseball in the future was not based entirely upon the ethical grounds that the boxing was not a worthy public pal of the "grand national pastime."

Ban Johnson's announcements that the American League would not allow the use of its parks next summer for boxing was slightly immature, according to recent reports.

Johnson's order will have to be affirmed by the owners of the eight clubs in the league and although Col. Jacob Ruppert said at the time of the announcement that he was in favor of it, there are reasons to believe that the Yanks may demand a few reservations.

When the Yankee owners were discussing the use of their new stadium for boxing it was understood that Col. Ruppert did not favor the use of the grounds for weekly shows, but that he felt it would not be harmful to stage one or more big bouts and he may still be of the same opinion.

While the Yankees must have made a little money from boxing last season, the Giants found their extension into other fields highly unprofitable.

The Giants got a big take out of the Dempsey-Firpo fight, but it was not enough to overcome the losses sustained on three other championship bouts that were previously staged at the Polo Grounds.

Until the Giants are able to get back what they lost it is improbable that the club will allow the National League to put the ban on boxing without a fight.

There is no doubt that baseball parks are not proper places to handle fight crowds in, and it is just as much a fact that the playing fields are always badly damaged by fight crowds.

It is silly, however, to get lofty about it and assume that boxing, as boxing itself, would be a blemish on baseball just because the baseball parks were used for fights.

The principal objection some of the club owners have to boxing in ball parks is that the clubs outside of New York and Philadelphia do not have the same opportunity to cash in on it and they feel that everything should be done to discourage the publicity that boxing gets which baseball men figure they have the sole right to—without cost.

M. E.'s DEFEAT PEQUOT HIGH SCHOOL 24 TO 19

The Brainerd M. E. basketball boys defeated the Pequot high school team last night on the latter's floor by a score of 24 to 19. This was the first game of the season and was well attended by hearty rooters.

The lineup was as follows:
Pequot: M. Simms, f. Hess; M. Magnuson, f. Ericson; T. Kruger, c. E. Fitzsimmons; R. Dally, g. R. Fitzsimmons; A. Thurlow, g. H. Cunningham.
Subs—Pequot: T. Rentar, R. Mee, H. Hyder; Brainerd: Welsh.

M. Magnuson starred for the Pequot boys, making 3 field goals and shooting 2 foul goals.

With the close of the first quarter R. Fitzsimmons went center and E. Fitzsimmons fell back to guard.

At the close of the first half the score was 10 and 9 in Pequot's favor. Coach Welsh changed his men around for the last half, playing, Ericson and Welsh, forwards; Hess, center; R. Fitzsimmons and E. Fitzsimmons, guards.

The game was very close from beginning to end. Just before the whistle blew, Ericson netted a field goal, bringing the game to a tie score of 16 and 16. This necessitated the playing of an extra five minute period. The Pequot boys made another basket within two minutes time but Ericson dropped the sphere through the basket 30 seconds before the whistle blew, tying the score for the second time. Another five minute period was played in which Welsh brought his old style of basket tossing into play and dropped in 3 baskets, while the Pequot boys were held to one foul goal.

L. Ericson starred for the Brainerd M. E.s, making 4 field goals, and 2 free throws.

The team was greatly handicapped on account of the absence of Mendenhall, the regular left guard, who through some error was not present.

After the game the Pequot boys gave a supper for the Brainerd team.

A return game will be played about the first or second week in December.

Famed Police Dog in "Where the North Begins"

One of the finest pictures that ever came to town opened this afternoon at the New Park and will be shown tonight and Sunday. This is "Where the North Begins," a story of the north woods, featuring the marvelously trained dog, Rin-Tin-Tin, who is so clever that one feels a man's brain must be lodged in his skull.

The setting in the far north is a fitting background for the tense drama unfolded before the handful of mortals living and struggling in one of the outposts and fringes of civilization, a remote Hudson Bay trading post.

BRAINERD HIGH TO PARK RAPIDS

FOOTBALL GAME IS SET FOR MONDAY; LOCALS HARD PRACTICE

(By L. P.)

Brainerd high travels to Park Rapids Monday, where they will take on the local high school.

The Park Rapids boys are confident that they can win from the Blue and White. Brainerd has been practicing hard every night this week and are in grand shape for Monday's game. Brainerd, though defeated by Staples, does not say that the boys cannot play football. Every man on the team is out to win.

This will be the last time the fans of Brainerd will see or hear of the men who graduate from the local squad. There will be only four men left for next year's eleven to build up a team from.

Audience Praises Tom Mix Picture

The assemblage of film fans that crowded the Lyceum Theatre last night for the opening of the William Fox screen version of Zane Grey's "The Lone Star Ranger" repeatedly gave evidence of its pleasure at the thrilling antics of Tom Mix, the popular hero, who is cast in the title role.

In all, the feature provides the best entertainment that has been seen in this city in many months. It will be shown for the last time tonight.

U. S. Sauerkraut Sales Double in 10 Years, Cannery's Group Told

Chicago, Nov. 10.—Sauerkraut, that good old standby of pig knuckles and corned beef, is no longer the exclusive dish of the hot polio and the two-fisted outdoor toiler.

Sales of the savory food have increased 100 per cent in the last 10 years. Investigators at markets here find it is going to the tables of the millionaires as well as to the humble kitchens of the "white collar brigade" and the sewer diggers.

James A. Andrews of Provo, Utah, president of the board of directors of the National Cannery association, in session here, told of the greatly increased sales of sauerkraut.

The Burrowing Owl.

The burrowing owl is a small owl which burrows in the ground in many parts of North and South America. It is about ten inches long, grayish brown, profusely spotted with white, with the head smooth, without plumbeous. This is the owl, well known on the western prairies in connection with the prairie dogs, in the deserted burrows of which it makes its nest. These owls are diurnal, and feed upon insects and small mammals and reptiles.

LECTURES APPRECIATED

Large Attendance Registered at Gardner Hall During First Week of Series

(Contributed)
The free illustrated lecture course drew large attendance during the first week of the series. The

lectures are much appreciated and the interest is on the increase. "Millions now living struck dead, and the Devil's vacation" will be the topic for Sunday night. In connection with this lecture will be a special missionary song illustrated by forty beautiful colored slides. This will be the beginning of the second week of the big evangelistic meeting conducted by Evangelist M. E. Anderson and N. J. Aalborg. Sermon topics are as follows:

Monday night, "The Carnival of Crime, Capital and Labor."

Tuesday night, "The Response of history to the Voice of God," illustrated by pictures.

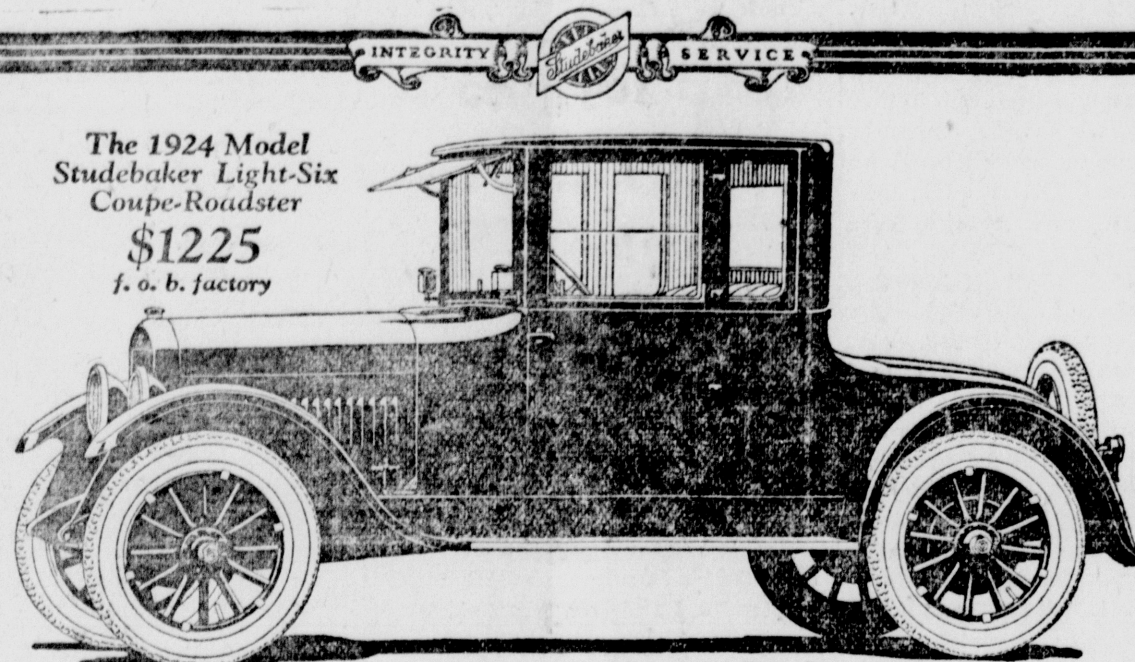

Wednesday night, "Jesus of Nazareth the True Messiah," convincing antidote for honest doubt.

Thursday night, "Heaven's Palace Pictured."

Friday night, "Where God and Man Meet," the atoning blood of Christ.

Saturday night, a musical treat. The Prince of Heaven in picture and song.

A spirited song service at 7:30 each evening.
